Victoria B. Molina

Director, Human Resource & Development

UC InTTO

Legarda Campus, Basement 1

Baguio City, 2600

Dear Ma'am Molina,

I am writing to apply for the position of Creative Design at the University of the Cordilleras Innovation and Technology Transfer Office . I learned about this opportunity through a Facebook posting. I am passionate about creating graphic designs and am eager to bring impactful designs to your team. As a hardworking individual who consistently strives for excellence outcomes, I am excited about the possibility of contributing to UC InTTO's endeavors.

As an undergraduate student pursuing a Bachelor of Science in Computer Science, I have developed skills in programming languages such as Java and C#, as well as markup languages like HTML and CSS. During the pandemic, I actively participated in online competitions for video editing and photo editing, where I honed my skills using tools like Alight Motion and Canva. These experiences have equipped me with the ability to create visually appealing and professional designs.

If given the opportunity to join UC InTTO, I am committed to creating impactful designs that align with the company's needs and goals. For further communication, please feel free to contact me via email at clarencekenzosumalinog@gmail.com or by phone at 0921 869 7802. Thank you for your time and consideration.

Respectfully,

Clarence Kenzo S. Sumalinog
